SUMMARY OF ACCOUNTS CURRENT WITH STATES.

(See pages 6 to 19 for details.)

NOTE.—The Receipts in the earlier years were largely affected by the loading up in anticipation of the Federal Tariff and in later years by fluctuations in Grain Duties (see page 37). The expenditure of 1901-2 was much increased by the large amount of arrears of previous years (£281,508). Later years bore arrears which are not considerable.

NET CUSTOMS AND EXCISE REVENUE.

TABLE A.

Note.—Inter-State Adjustments have been included. The amounts up to 8th October, 1901, include Inter-State Duties. The Receipts in the earlier years were largely affected by the loading up in anticipation of Federal Tariff, and in later years by the fluctuation in grain duties.

COMPARISON OF EXPENDITURE ARRANGED UNDER THE GENERAL HEADS USED IN THE ESTIMATES.

NOTE.—In this Statement 1901-2 figures represent the cost of services rendered in that year, that is, arrears of 1901-2 paid in 1902-3 are included, but arrears of 1900-1901 paid in 1901-2 are not included. The figures for 1902-3 and later years represent actual payments within the year, irrespective of the year in which the expenditure was incurred. To show 1901-2 figures on the same basis as the other years would make an unfair comparison, as 1901-2 bore very heavy arrears of 1900-1901 (£231,503), while later years bore arrears which are not considerable.

TOTAL COST OF EACH DEPARTMENT

(INCLUDING BOTH "TRANSFERRED" AND "OTHER" (NEW) EXPENDITURE).

Note.—In this Statement 1901-2 figures represent the cost of services rendered in 1901-2, that is, arrears of 1901-2 paid in 1902-3 are included, but arrears of 1900-1 paid in 1901-2 are not included. The figures for 1902-3 and later years represent actual payments within the year irrespective of the year in which the expenditure was incurred. To show 1901-2 figures on the same basis as the other years would make an unfair comparison, as 1901-2 bore very heavy arrears of 1900-1 (£281,509) while later years bore arrears which are not considerable.

* The annual contribution is £290,000 and remittance was made in 1903-4 for a full year as apparently required by the agreement. It appeared later that the Admiralty desired to calculate the first contribution for a broken period up to 31st March, 1904, so as to coincide with the Imperial Fiscal year, and the amount payable in 1903-4 became available towards amount due in 1904-5. The following are particulars of the adjustment.

	Old Agreement.		New Agreement.		Total paid in 1904-5.		Paid in 1904-5 on account of 1904-5.
	Arrears from 1st April, 1903, to 11th November, 1903.	Amount overpaid for year ending 31st April, 1905, less difference between 25th March, 1904, and amount actually paid.	From 12th November, 1904, to 31st March, 1905.	Amount paid on 1st April, 1905, in discharge of liability.	Additional Paid	Total.

NOTE. In the above table the value of goods transferred by sea from one State of the Commonwealth to another State thereof for shipment to Oversea Countries has been included in the Oversea exports of the State from which the goods were originally despatched, and has, also, been excluded from the value of the Inter-State Trade.

There being no adequate official record by means of which goods transferred overland and afterwards exported overseas can be referred to the State of origin, such goods are included in the Oversea exports of the State in which the goods were shipped.
