It will be seen that when the expenditure made in 1901-2 for arrears of 1900-1 is deducted, and the arrears of 1901-2 added to the expenditure, the actual cost of the Department for the year 1901-2 is much less than the above expenditure.

Note.—In the above table the value of goods transferred by sea from one State of the Commonwealth to another State thereof for transshipment to Oversea Countries has been included in the oversea exports of the State from which the goods were originally despatched, and has, also, been excluded from the value of the inter-State Trade.
There being no adequate official record by means of which goods transferred overland and afterwards exported overseas can be referred to the State of origin, such goods are included in the oversea exports of the State in which the goods were shipped.
