† In addition the Commonwealth may presently take over ALCOHOLS and EXCISE. The former is the amount of stock purchased under the Treaty, which will be paid over to the States. The latter amount represents certificates given by the Victorian Government to the Trust Funds. Notes may be issued in lieu of the certificates and the amount of the loan may be increased to £1,000,000. A further increase of £1,000,000 may be made in the year 1917, in full only in respect of those portions of the population which were born in the United Kingdom. This interest on the portion referred to was £26,000 in 1905, and £30,000 in 1906.

The Tables which follow have been prepared by the Commonwealth Statistician, and, while subject to revision, are corrected to agree with the latest available information.
