CONSOLIDATED REVENUE FUND.

STATEMENT OF SURPLUSES AND DEFICIENCIES.

NOTE.—Until the end of 1906-7 the whole balance of the Consolidated Revenue Fund was paid to the States. In 1907-8 the whole of the balance was paid to the States after the provision of £193,621 had been made for expenditure in subsequent years under Trust Fund, Invalid and Old-age Pensions Account. From 1908-9, and until the abolition of the bookkeeping provisions of the Constitution in 1910-11 the States received only three-fourths of the net Customs and Excise Revenue, and the balance of the Consolidated Revenue Fund was transferred to Trust Fund, Invalid and Old-age Pensions, and Naval Defence (Construction of Fleet) Accounts to provide for expenditure in subsequent years. From 1910-11 until the end of 1926-27 the States received twenty-five shillings per head of population per annum, and the balance of the Consolidated Revenue Fund was transferred to Trust Fund, Invalid and Old-age Pensions, and War Pensions Accounts. The States Grants Act 1927 abolished the *per capita* payments as from 30th June, 1927, and provided lump sum grants for the year 1927-28, subject to the terms of any agreement made between the Commonwealth and all the States.

A "Financial Agreement" since made between the Commonwealth and the States, and validated by the Commonwealth Parliament under an amendment of the Constitution, provides, *inter alia*, for (a) an annual payment by the Commonwealth from 1st July, 1927, of £7,584,912 towards interest on State Debts, (b) annual sinking fund contributions by the Commonwealth from 1st July, 1927, at the rate of 2s. 6d. for each £100 of Net State Debts existing on 30th June, 1927, and 5s. for each £100 of New Debts created after that date, (c) the Commonwealth to take over State Debts existing on 1st July, 1929, and the States to provide all interest thereon in excess of the annual sum of £7,584,912 provided by the Commonwealth.

* The ordinary transactions of the year 1923-24 resulted in a surplus of £2,238,354 which, with the surplus brought forward, made an accumulated surplus of £10,098,068. Of this amount £4,015,725 was applied to debt redemption, and £4,500,000 to provide for Naval Construction and a Reserve for Defence. The accumulated surplus closing on 30th June, 1924, was £2,591,153.

† Of this amount £2,450,000 was set aside for expenditure in subsequent years, viz. £1,500,000 for naval construction, £160,000 for main roads development, £100,000 for science and industry investigations, and £100,000 for prospecting for oil and precious metals.

‡ Of this amount £100,000 was set aside for expenditure in subsequent years for prospecting for oil and precious metals.

§ The following payments were made out of the surplus of £2,821,494 available at 30th June, 1927, and brought to account as Aviation, £200,000; Naval Construction, and Reserve for Defence, £2,150,000; Science and Industry Investigations, £200,000; Civil Expenditure in 1927-28; Naval Construction, and Reserve for Defence, £2,150,000; Copyright Survey of Australia, £20,000. The deficit for 1927-28, including these payments, was, therefore, £2,628,743.

FEDERAL CAPITAL TERRITORY.

COMPARATIVE STATEMENT OF EXPENDITURE AND REVENUE, 1928-29—1930-31.

NOTE.—To 30th April, 1930, expenditure in the Territory, with minor exceptions, was paid by the Federal Capital Commission from its own revenues and other funds allocated by the Treasury. For 1930-31 the whole of the Budget transactions have been brought into the Budget, and the following statement shows a comparison of the Budget Estimate for 1930-31 with the corresponding approximate figures for the two preceding years.

	555,000	248,053	300,000

* For 1928-29 and 1929-30, a portion of the amounts shown as Administration Expenses was charged to Loan Fund.

† Up to and including 1929-30 it was the practice to make advances (free of interest) from the Commonwealth Public Account to the Federal Capital Commission pending the raising of a loan. The outstanding advances (totaling £1,746,722) have now been covered by loans, and the interest payments to be met in 1930-31 have increased accordingly.

‡ The reduction in estimated Revenue for 1930-31 is mainly due to the cessation of inter-departmental payments for Rent of Public Buildings (see para. 2).

§ The amount allocated in 1929-30 was approximately £27,000.

¶ In addition a further £100,000 was allocated from the Commonwealth Savings Bank in 1929-30 under the Commonwealth Housing Act. The amount issued to individuals for private housing was—

1928-29	£62,501
1929-30	25,211
1930-31 (Estimate)	98,168
	£185,880

(This is the balance available after repayment of temporary advances from the Commonwealth Savings Bank.)

Note.—The average number of hands employed during the year 1928-29 has been computed in accordance with a recension of the Conference of Statisticians held in January, 1928. The effect of this change in method is designed to show the average number of persons employed over the whole year rather than the average over the period worked as in the case of a seasonal factory which is engaged only for a portion of the year. The employment figures shown for 1927-28 and for previous years have been re-computed on a similar basis.
