TABLE No. 44.—ANNUAL RESULTS OF REVENUE TRANSACTIONS.

NOTE.—Until the end of 1906-7 the whole balance of the Consolidated Revenue Fund was paid to the States. In 1907-8 the whole of the balance was paid to the States after the provision of £193,621 had been made for expenditure in subsequent years under Invalid and Old-age Pensions Trust Account. From 1908-9, and until the abolition of the bookkeeping provisions of the Constitution in 1910-11 the States received only three-fourths of the net Customs and Excise Revenue, and the Naval Defence Consolidated Revenue Fund was transferred to Invalid and Old-age Pensions, and the balance of the (Construction of Fleet) Trust Account to provide for expenditure in subsequent years. From 1910-11 until the end of 1926-27 the States received twenty-five shillings per head of population per annum. The States Grants Act 1927 abolished the *per capita* payments as from 30th June, 1927, and provided lump sum grants for the year 1927-28, subject to the terms of any agreement made between the Commonwealth and all the States.

A "Financial Agreement" since made between the Commonwealth and the States, and validated by the Commonwealth Parliament under an amendment of the Constitution, provides, *inter alia*, for (a) an annual payment by the Commonwealth from 1st July, 1927, of £7,584,912 towards interest on State Debts; (b) annual sinking fund contributions by the Commonwealth from 1st July, 1927, at the rate of 2s. 6d. for each £100 of Net State Debts existing on 30th June, 1927, and 5s. for each £100 of New Debts created after that date; (c) the Commonwealth to take over State Debts existing on 1st July, 1929, and the States to provide all interest thereon in excess of the annual sum of £7,584,912 provided by the Commonwealth.

From 1910-11 to 1939-40 the balance of the Consolidated Revenue Fund was appropriated for payment of Invalid and Old-age Pensions, War Pensions and other services for which Parliamentary appropriations were available, including reduction of the accumulated deficit.

The Consolidated Revenue Fund for the financial years 1940-41 to 1946-47 was balanced, as all available revenue after charging ordinary services was used for war purposes.

In 1947-48 the balance of the Consolidated Revenue Fund was appropriated for payment of War Pensions, and in 1948-49, 1949-50 and 1950-51 the Consolidated Revenue Fund was balanced.

In 1951-52 the Consolidated Revenue Fund was balanced by the appropriation within the year of the surplus of £98,500,000 to the National Debt Sinking Fund for investment in a special loan for State works requirements.

In 1952-53 the balance of the Consolidated Revenue Fund was appropriated for payment of War Pensions.

In 1953-54 and 1954-55 the Consolidated Revenue Fund was balanced by the appropriation within the year of the excess receipts to the Debt Redemption Reserve.

In 1955-56 the Consolidated Revenue Fund was balanced by appropriation within the year of the excess receipts to the Loan Consolidation and Investment Reserve.

STATEMENT OF TRANSACTIONS.

1. INTERNATIONAL MONETARY FUND.

Under Article III., Section 3 (a) of the Fund Agreement the subscription of each member is equal to its quota and must be paid in full to the Fund at the appropriate depository. The quota of Australia has been fixed at \$200,000,000.

Under Article III., Section 3 (b) of the Fund Agreement each Member is required to pay in gold, as a minimum, the smaller of—

- (i) twenty-five per cent. of its quota; or
- (ii) ten per cent. of its net official holdings of gold and United States dollars as at the date when the Fund notifies members that it will shortly be in a position to begin exchange transactions. This was 12th September, 1946.

The Fund determined for the purposes of Article III., Section 3 (b) (ii) that the net official holdings of gold and United States dollars of Australia as at 12th September, 1946, were:—Gold, 2,107,338 fine ounces; United States dollars, 10,291,602. On the basis of these amounts the gold subscription payable by Australia was \$8,404,843.20 or 240,138.377 fine ounces.

Under Article III., Section 5 of the Fund Agreement, however, the Fund may accept non-negotiable, non-interest bearing securities in place of part of the currency subscription of a member not needed for the Fund's operations.

A total of £38,143,066 has been paid to meet Australia's subscription. This includes an increase in the Australian currency subscription made necessary by the alteration in the Australian-United States dollar exchange rate on 19th September, 1949. The obligation was met as follows:—

These transactions were carried out by the Commonwealth Bank. They did not involve the Commonwealth Public Account.

As a condition of membership Australia undertook to subscribe for 2,000 shares of the capital stock of the Bank at a par value of \$100,000 per share.

Under Article II., Section 5 of the Articles of Agreement of the International Bank, the subscription of each member is divided into two parts as follows:—

- (i) 20 per cent. to be paid or subject to call as needed by the Bank for its operations;
- (ii) the remaining 80 per cent. to be subject to call by the Bank only when required to meet certain obligations of the Bank as specified in the Agreement.

Under Article II., Section 7 of the Agreement payment of the amount due under (i) in the preceding paragraph is to be made in gold or United States dollars and in the currencies of members as follows:—

- (i) 2 per cent. of the subscription in gold or United States dollars;

(a) Tax assessed to companies includes all levies imposed in respect of the years shown. (b) Excludes Social Services Contribution.

NOTE.—With the exception of assessment years 1948-49 to 1950-51 the statistics in this table cover only assessments, based on the income of the preceding year, issued within a period of fifteen months in the case of individuals and eighteen months in the case of companies, after the close of the year of income.

The statistics of individuals for assessment years 1948-49 to 1950-51 have been revised to include all assessments issued up to four years after the close of the year of income. A similar revision will be made for subsequent assessment years when the statistics have been compiled.

In the case of individuals tax was not levied if the taxable income did not exceed £104.
